

# Skin Joy Clinic

SKIN | HAIR | NAIL CLINIC

## Hello there! 🧵 ✨

You've just had a "lunchtime lift" at SkinJoyClinic! Those invisible threads are now working to lift and support your features while stimulating long-term collagen. Let's keep them in place!

### 🎮 The "Lift & Lock" Quest 🔒

The threads have tiny barbs that need to "grip" your tissue. Help them stay secure:

- **Level 1: The Soft Talk 😬** Avoid opening your mouth very wide (no big burgers or dental appointments!) for the next 2 weeks. Excessive facial movement can "ping" a thread out of place.
- **Level 2: The Upright Sleep 🛏️** Sleep on your back with two pillows for 3-5 nights. This prevents pressure on your face and reduces swelling.
- **Level 3: The Gentle Wash 🧼** When washing your face, move your hands in an *upward* direction only. Never pull down on your skin!

🏆 **Reward:** An immediate lift and a younger, tighter profile that gets better with time!

### 🧠 Did You Know?

The threads are made of the same material as surgical stitches (PDO). They slowly dissolve over 6 months, but while they do, they leave behind a "scaffold" of your own new collagen!

### 🛑 When to call Headquarters:

Mild bruising and "puckering" of the skin are normal and settle in a few days. If you feel a sharp thread end poking out or have severe pain, reach out immediately!

Contact Us 📍 Skin Joy Clinic, New Town, Kolkata, West Bengal 📞 +91 98765 43210 | ✉️ [contact@skinjoyclinic.com](mailto:contact@skinjoyclinic.com) 🕒 Mon - Sat: 10:00 AM - 8:00 PM | Sunday: Closed
