Hello there! 🧑‍🤝‍🧑 ✨

Welcome to your "Glow Up" era! You've just treated your skin to the ultimate rejuvenation with our Vampire Facial (PRP Therapy) at SkinJoyClinic. Your own "liquid gold" is now working hard to rebuild collagen and radiance.

🎮 The "Golden Glow" Quest ✨

Your skin is currently in "super-repair" mode. Let's maximize your results:

- Level 1: The 6-Hour Lockdown ⌚ Do not wash your face or apply anything for at least 6 hours. Let that liquid gold soak in completely! (+50 points for patience)
- Level 2: The Hydration Hero 💧 After the lockdown, use only a gentle cleanser and a basic, fragrance-free moisturizer. Your skin is thirsty—keep it hydrated!
- Level 3: The SPF Fortress 🛡️ Your skin is extra sensitive to the sun right now. Avoid direct sunlight and wear your mineral SPF religiously for the next week.

🏆 Reward: Firmer, smoother, and incredibly radiant skin!

🧠 Fun Fact!

PRP (Platelet-Rich Plasma) uses your own blood's platelets, which are packed with "growth factors." They act like a construction crew, repairing damage and building new, bouncy collagen!

🔴 When to call Headquarters:

Mild redness and swelling are normal (like a sunburn). However, if you see severe blistering, or if the swelling increases significantly after 48 hours, give us a call!
